The Columbia County Board of Commissioners met in scheduled session with Commissioner Henry Heimuller and Commissioner Earl Fisher, together with Sarah Hanson, County Counsel and Jan Greenhalgh, Board Office Administrator. Commissioner Hyde was not present.

Commissioner Heimuller called the meeting to order and led the flag salute.

MINUTES:

Commissioner Fisher moved and Commissioner Heimuller seconded to approve the minutes of the March 2, Board meeting and March 2, 2016 Staff Meeting. The motion carried unanimously.

VISITOR COMMENTS:

Sydnee Alyster, 52386 SW Keys Road, Scappoose and Susan Conn, St. Helens: were here today as part of the Ford Institute Leadership program. Each year, they chose a project to complete. This year is disaster preparedness backpacks. They need a fiduciary agent for this grant and is asking if the County was consider being that agent. Sydnee has prepared a Memorandum of Agreement with the County and a copy of the draft grant application (to be completed) for Board review and consideration. This grant is for a one day event to be held on June 4, 2016 at the Four Square Church in St. Helens. Commissioner Heimuller explained that these grants require county staff time to administer, so he would setting up a meeting to look into the details before agreeing to sponsor the grant.

Don Campbell, 75735 Price Road, Rainier: Don is here today regarding another issue on a previous decision made by the Planning Commission back in 1996 with regards to the trailer park in Rainier. There are road conditions that were never met and he sees no legal way that those conditions can be met the way it sits now. Commissioner Heimuller suggested that Don meet with Todd Dugdale and Lonny Welter outside of this meeting to discuss further.

RECOGNITION OF LARRY COLE - CULTURAL TRUST COMMISSION:

The Board recognized Larry Cole, who spent years as a volunteer on the Cultural Trust Coalition Commission. Commissioner Heimuller praised Larry and all those who volunteer their time on various committees. Larry appreciated the time he was able to participate on this commission. He explained how people can donate to the Cultural Trust and the tax benefits. Commissioner Fisher also thanked Larry for helping to keep this commission going and his long term service.

SHERIFF DICKERSON:

Sheriff Dickerson was present to update the Board on the current negotiations with the City of Clatskanie. The Sheriff's Office has signed an augmentation agreement with the city to allow county deputies to provide assistance when the city police aren't available. Their police department is currently about 50% down on man power. The county has the same agreements with Columbia City and Vernonia. Jeff believes this to be a good thing as they move forward on contract negotiations with the City of Clatskanie for a north county substation of the Sheriff's Office in Clatskanie. This will allow the city to maintain a response police force within the city, at a fraction of the cost it would otherwise cost. It will also expand the county's response capability into the north county area, again at a fraction of the cost. The Sheriff's Office would absorb the majority of the administrative costs.

Commissioner Fisher commends the Sheriff and the citizens of Clatskanie for considering this proposal and would hope that all cities in Columbia County would consider doing this because they're all understaffed.

Commissioner Heimuller thanked the Sheriff on this potential partnership. The City of Clatskanie has been struggling for some time and a partnership between agencies is always good. He asked how the costs would be handled, as far as equipment costs, cars, etc. The Sheriff stated that those issues would still need to be worked out.

Commissioner Heimuller read the consent agenda in full. With no changes, Commissioner Fisher moved and Commissioner Heimuller seconded to approve the consent agenda as follows:

At this point, nothing can be done by the county until Mr. Hovland signs the consent form. Commissioner Heimuller would suggest that Lonny schedule a meeting with Mr. Hovland, the Board and himself to show what the research has found and determine how Mr. Hovland wants to move forward.
