"I am very proud of the efforts of our staff during a tumultuous year that saw the jail rescued from elimination in a last-minute vote of the people," said Sheriff Jeff Dickerson. "We went through several different contingency plans leading up to the deciding election, and then reversed course and built plans for reviving the operations that had been dialed back so much in the preceding years."

This report details the activities of the three divisions of the Sheriff's Office and the role each plays in the Sheriff's mission to conserve the peace throughout Columbia County.
